

## High Desert Montessori School

Some things to remember about securing a spot at our school

- We operate on a first come/first serve basis
- You have to reapply each year. There is an area on the “Letter of Interest” that asks which year you are applying for. If you write 2016/17 and you don't get accepted, you need to either fill out a new form for 2017/18 or call the enrollment office and let them know you want to change the year on your form.
- The sooner you get your "Letter of Interest" in, the better your chance of securing a spot
- You must attend one of the two seminars we hold each year. We have one in January and another one in May. Just because you attend though does not promise you a spot. That will be determined upon how many spots we will have available.
- Letters of Acceptance and waiting list letters don't go out until mid-March
- If you are trying to gain a space in our Prekindergarten you must pick a program. ( Half day, school day, extended day/school year or extended day/year round) It is important that we know in advance what you are looking for. We have space limitations.
- The higher the grade, the more difficult it is to secure a spot. We have fewer and fewer spots available as the grades get higher.
